Plan to Suspend Trial of Lewis

WASHINGTON, (AP)—The United States government, facing against factory shutdowns and emptying coal bins, aimed Tuesday for swift trial of John L. Lewis and ordered new curbs to pass fast-acting supplies of fuel.

Government counsel said they will press for speed when Mr. Lewis' trial on contempt charges begins Wednesday, Thursday—the U.S. Thanksgiving Day—will be a holiday but court officials said they will ask Judge Tolson to hold a Friday session.

A high administration aide said the government has planned all its hopes for an early end to the strike on the legal proceedings. No other action is contemplated at present, he said.

In themselves, the legal moves will get no coal mined. Nor will putting Mr. Lewis in jail, as could be done if he is found guilty of contempt. But this official indicated the hope is that the legal tactics will "soften up" Mr. Lewis and influence him toward making an agreement with the mines' private owners on a working contract for his 400,000 A.P.L. United Mine Workers.

The hope is that Mr. Lewis, instead of pursuing a strike which the official said might prove disastrous to his miners as well as the country's economy, will seek a face-saving end to the controversy.

Government lawyers conceded the trial might last days, perhaps weeks, and longer than the country's economy could stand. The strangulation of its basic fuel supply.

The contempt issue, which could result in jail for Mr. Lewis, is the court's last resort. The question of permanently restraining Mr. Lewis' strike action and his refusal to return to work has been a long and bitter legal battle, more than 28 states.

Mr. Lewis' strike, which has cost more than 28,000 workers in other industries almost as much as the coal strike, has cost the nation's economy, including the steel mills, railroads and hundreds of other industries, more than \$100 million a day.

The government ordered new curbs on coal deliveries to schools and other government buildings.

Emergency coal stocks were ordered held strictly for public utility use and other essential services as railroads, laundries, distilleries, refrigeration plants, etc., are being heated by homes, apartments and schools.

The U.S. steel subsidiaries announced drastic curtailment of production, including a 50 per cent cut in capacity by Carnegie-Illinois and 40 per cent by Bethlehem Steel.

Greece to Press
Border Charges

ATHENS, (AP)—Col. Constantinos Athanasopoulos, director of the Greek general staff, is reported preparing to fly to New York Tuesday with evidence on alleged border incidents to present to the United Nations.

President Thaelander will fly to New York to place charges before the U.N. security council that Greek border guards on the western frontier were getting aid from within Yugoslavia, Bulgaria and Albania.

Col. Athanasopoulos, chief of the Greek general staff, is reported to be in London with British officials, who still did not seem inclined to allow Greek troops to enter Yugoslavia.

Four Members of Train Crew Killed in Crash of Huge 6,000 Class Locomotive

Accident occurred near York, Sask., as the Winnipeg-bound train roared along at a speed estimated at 60 m.p.h. Wreckage was spread for a considerable distance over the main line track.

Four members of the train crew lost their lives when this 6,000 class N.K. locomotive toppled over after a collision 10 miles east of Saskatoon. The crack engine collided with a freight train.

The accident occurred on the main line track between York and Saskatoon. The locomotive, a 6,000 class N.K. model, was traveling at a speed of 60 m.p.h. when it collided with a freight train.

Fumes Defeat Rescue Tries

GUNN, Alta.—A gas-filled mine reclaimed the lives of two young Gunn men, and a third man, an R.C.M.P. corporal who made nine trips into the dead mine before the gas was recovered, was almost overcome by the gas on a farm two miles west of Gunn Monday afternoon.

Gunn is about 40 miles northwest of Edmonton by road. The mine is owned by the late H. O. Russell, of the Stony Plain R.C.M.P. detachment, was almost overcome by gas making nine futile rescue attempts.

Callioux, according to the statement of Farmer James Hill, gave his life in going to the assistance of Belrose.

It is believed that the gas was caused by decay of vegetable matter deep in the earth, but the exact cause is not known. The gas was almost overcome by the gas on a farm two miles west of Gunn Monday afternoon.

Callioux, according to the statement of Farmer James Hill, gave his life in going to the assistance of Belrose.

Farouk Dismisses Delegation As Anti-British Riots Continue

CAIRO, (CP)—King Farouk Tuesday dismissed the Egyptian delegation negotiating the revision of the 1936 Anglo-Egyptian treaty on this third day of anti-British and anti-government demonstrations.

Later the Egyptian parliament was dissolved. The king's dismissal of the delegation was a direct result of the anti-British and anti-government demonstrations.

Retention of Reich Official Poses Problem for Americans

By Robert Gray
MUNICH, (ONA)—Political observers of both the military government and German circles have interpreted the announcement of Anton Pfeiffer, Bavarian de-Nazification minister, that he intended to retain the post despite the U.S. demand to change of his status as a German government official, as a sign of German government strength and weakness of the military government.

A regular description of the incident is that "the Germans have interpreted the announcement of Anton Pfeiffer, Bavarian de-Nazification minister, that he intended to retain the post despite the U.S. demand to change of his status as a German government official, as a sign of German government strength and weakness of the military government."

The same American and German observers stated that it was actually an important question whether the Germans who staff the de-Nazification tribunal are ready to handle the responsibility. Gen. Clay's report indicates that they are usually sincere and unable to do so. Therefore observers believe that the only solution is for the military government to assume the responsibility and halt the administration of self-interest to Germany.

Such an action, however, is not possible because it would mean the high-subsidized United States claim of granting the German their self-government. Sage German officials realize that the Americans wish to continue to gain German sympathy with a show of giving Germany back to the over people, as was stated by Secretary of State James F. Byrnes at the start. Another complication is the purpose of American personnel.

An important development of the Pfeiffer incident is the deepening split in the Bavarian and Democratic party. Minister-President Dr. Wilhelm Mergel, party leader, supports Pfeiffer while the opposing faction demands him. Dr. Hoegner admits dissatisfaction with the progress of de-Nazification and that the opposition says the program is utterly hopeless and may want the Americans to assume control.

Wing Flap of World's Largest Plane Goes by Road to Long Beach Harbor

This giant wing flap—measuring 74 feet—of the world's largest plane, built by Howard Hughes, is almost as long as the full wing of a standard 12-passenger plane. The flap is shown being towed along a road to Long Beach, Calif., harbor.

Boredom Is Enemy Dinosaur Had Bird-Brain But Dominated for Ages

By Frank Swanson

WASHINGTON, (AP)—An dinosaur, with a brain weighing but a few ounces, managed to survive for 140,000,000 years on earth, how long can man and his three-pound brain survive?

This question came up in the wake of an announcement by the Smithsonian Institution that a dinosaur found in northern Montana, dated by Dr. H. D. Danks of the Cleveland Museum of Natural History, is of a new species of genus-saur.

Dinosaurs notoriously were rather dumb creatures. Weighing up to 10 tons, they had put on brains. Corcoran's brain was two-bit size, really a clown.

Added to compare the size of a dinosaur brain with that of other creatures, scientists gave this picture:

Officers kill the long winter slugs with cards, reading, an occasional party in drab blue on whose walls pin-up pictures alternate with snapshots of wives and children. For the non-card, there is even less.

But the hangover isn't as bad as it sounds, and the refrain to live in uniform of the gripes men in uniform the world over.

The moral factor here is nothing like what was during the war, when thousands of men including top brass, had to be shipped home because of temporary mental fatigue.

The outlook here is not so bright, but by good food, some recreation, short hours of duty and nine months and regular mail from home.

The onslaught of civilization next spring—the arrival of dependents when suitable housing is erected—will help somewhat.

Exceptional morale has an occasional show, recreation today depends entirely on the Red Cross' recreational coffee and doughnuts. But no women in grey serve it.

On other islands there are a dozen small, but the mainland, where some semi-regular dances for the enlisted men in the mountainous regions they run and shaver, providing the sea and the refreshment.

Paris Little Hit By War Damage
PARIS, (CP)—A 1929 tourist guide to Paris is about as good today as when it was first published. Unlike London, Paris escaped with its famous landmarks relatively undamaged.

Some of the art treasures aren't yet back in the Louvre. The pre-war guidebook mentions the Louvre, which small-arm fire knocked from the Louvre, which small-arm fire knocked from the Louvre, which small-arm fire knocked from the Louvre.

Democrats Gain Another U.S. Seat

WASHINGTON, (AP)—An official decision Monday in the last undecided congressional contest of the Nov. 3 election gave the Democrats a boost in the new house of representatives.

Democrat Walter K. Gilman, 61, defeated Republican David J. Wilson, 59, by 181 votes on the official count.

This made the lineup for the new house: Republicans, 246; Democrats, 181; American Labor, 1; A. B. A. majority is 218.

In the senate there will be 51 Republicans, 46 Democrats.

If you go, France will die—say and Christmas Eve.

Coercion in 'Satellite' Plan Rouses People Near London
By Frank Swanson
LONDON.—Residents of four localities affected by the proposed development of an outer ring of "satellite" towns surrounding London are making preparations for a last ditch stand against the government's scheme.

The areas involved are Harlow, Essex; Hemel Hempstead, Hertfordshire; and Three Bridges, Sussex. All are within a 30-mile radius of the center of London, and all are earmarked for expansion as part of a long-term policy to relieve the congestion of the capital.

Convinced by the coalition government during the latter part of the war, the scheme received endorsement of the Labor government and has become the chief goal of the ministry of town and country planning.

Outraged at Melind
Few people in the affected localities dispute the reasons for new housing centers for London's overcrowded, polluted, and crime-ridden areas. The scheme is a long-term plan to relieve the congestion of the capital.

Then the government announced a series of public meetings in affected districts. It was to be a last ditch stand against the government's scheme.

Letters from ratepayers have flooded correspondents columns of London newspapers, without exception denouncing the government for its "dictatorial and dictatorial" actions in "appropriating" private property without prior consultation with property owners.

One resident of the Three Bridges area got front page attention when he said he would "resist by force of arms" his property from requisitioning in the event it was needed for other purposes in the new housing plan.

He received hundreds of sympathetic letters from residents of other affected areas saying they were prepared to join him in a "great crusade."

Plan Protest to King
Latest move on the part of the affected residents is to form a committee to co-ordinate their opposition. The residents, through their committee, are prepared to throw up every obstacle to the government's scheme and will, if necessary, lay a petition before his Majesty the King outlining their grievances.

Support for the resident objectors is widespread and growing. In a recent editorial, the Evening Standard newspaper said that the scheme for such deliberate flooding of public opinion, through the new towns are desperately needed, but outrageous discrimination will be used and the unwilling will be sheltered in special institutions.

Hungary to Control Hordes of Beggars
BUDAPEST, Hungary, (ONA)—The number of beggars in this city is increasing at such a rate that the authorities have decided to take action. It got on 15 minutes a pedestrian would be asked for alms by five persons.

Police are under orders to take the shams and address of any beggar and give them to the municipal social welfare station. Welfare workers will then visit each beggar at home and compile a list. The able-bodied men and women will be taken to the social welfare station and the unwilling will be sheltered in special institutions.

Report German Typewriter Takes Dictation by Itself

By Thomas H. Henry

WASHINGTON, (ONA)—A typewriter which takes dictation by itself was developed in Germany during the war.

The details now are in the possession of the U.S. Army Signal Corps. No description of this type writer can be given because the apparatus is one of the few German war developments which has been retained strictly as a military secret.

According to reports, the machine, its eventual release on the market may mean the most the beginning of the end of the stenographer and typist. All the information about the device has been disclosed thus far is that it is the invention of one Dr. Vortling, also the inventor of a calculating machine which can solve advanced mathematical problems.

The basic idea, presumably, is that a specific sound will produce a corresponding letter. The idea has been explained by the term "phonetic" and "C." All these have exactly the same sound in English. No man has been found of giving any information about the machine, probably because it is not difficult to the fullest stenographer.

Difficulty Clear
This example could be multiplied many times. Doubtful sounds occur in the middle of words, difficult to hear, and so on. It is not clear at all. At best it would be necessary to have some practical applications to signal corps activities.

These are the hurdles Dr. Vortling must have overcome to produce a true stenographic device. Whether he has succeeded previously for some time because the device may have some practical applications to signal corps activities.

SAYS YOU CAN'T
After all, the most important part of your earnings is what you save for yourself and your own purposes. Even though you never touch your Victory Bonds or other savings, the mere fact that they are there makes all the difference. You are less vulnerable to unforeseen setbacks—better able to do something about it if opportunity comes along. You enjoy greater peace of mind.

These are satisfactions you can't measure in dollars and cents. But dollars and cents—deposited regularly in your Royal Bank Savings Account—can give them to you.

Next time you're going over your personal budget, ask yourself: "Am I getting my share of my income?"

Can't save? But you did all through the war, with your purchases of Victory Bonds, and so that takes care of any doubts you may have about being able to set up a saving plan, and stick to it. Now the trick is to find a substitute for that long-war incentive.

What more compelling reason could you ask than you, your family, and all your secret hopes and plans?

Some Striking U.S. Miners Top \$500 in Four Week Pay

Provision to Decide If Taxes Payable

MINING, (AP) - Decision on whether the Saskatchewan government will pay taxes to cities of the province for public services provided corporations and other government enterprises will be made shortly, Municipal Affairs Minister Broadbent said Monday.

Federal and provincial government-owned enterprises are exempt under existing legislation from paying municipal taxes.

Provincial-owned power stations, provincially-operated stock stores, bus depots and fuel marketing agencies in Regina might be among those listed to pay municipal taxes.

Germans Allowed Form Government

STUTTGART, Germany, (AP) - Citizens of Wuertemberg-Baden Monday took over control of their own government under the supervision of United States occupation authorities and watched their red, black and gold official flag raised over their capital city to signal the adoption of democratic constitution in Sunday's vote.

Not since the swastika fell from a German flag backed by German authority found in this devastated country.

Only 10 percent of the 1,342,191 voters balloted against the new constitution guaranteeing individual freedoms and liberties unknown in Germany since the days of 1933, and a surprising 20 percent abstained from voting.

The four major political parties immediately opened negotiations to determine the composition of the new one-house legislature. Final returns showed that the legislature would be composed of 120 members of the conservative Christian Social Union, 25 members of the left-wing Social Democratic party, 10 members of the right-wing People's Party and 10 Communist members.

Similar constitutions will be held before voters in Bavaria and greater Westphalia next Sunday.

Britons Allowed Send Gift Parcels

LONDON, (CP) - Britain will be allowed to send gift parcels from the home to friends overseas this Christmas, for the first time since 1919.

Food Minister Strachey Monday ended the stringent ban on parcels which had been in force since 1919.

The United States bureau of mines figures showed that the average weekly earnings of bituminous coal workers in August were \$623.70, more than 161 percent higher than in 1919.

Port-to-port pay and overtime accounted for part of the high earnings. Many workers have a base of 42.4 hours a week in August, although they have a normal base of 36 hours a week, government statistics show.

Miners' average hourly earnings in August were \$1.47, compared with \$1.11 for all industries.

Many Concessions Made to Miners, Many Grants

Other concessions made to the miners, many of them granted directly by the government, included an annual vacation payment of \$100, a welfare and retirement fund financed by a levy of one cent a ton on production, workers' compensation and unemployment insurance, and medical and hospital care.

Although 81 tons of coal were produced for each \$10 paid in wages in 1940, only 10 tons per \$10 of wages were mined last year, the industry records show.

Many miners, the operators point out, already have a high standard of living in excess of many professional and business people. Spokesmen for the operators said that John L. Lewis, United Mine Workers Union leader, would be a millionaire if he were paid for his rich treasury, although the miners themselves insist on no relief funds.

One operator told of an incident in which a letter to a West Virginia miner took a mining company cheque for more than \$800, made out to a Vice-President of the bank, who was arrested and inquired what was wrong with it.

"Just this," replied the teller, "I had to sign his name in order to cash the cheque. He had made him X. He can't sign his name, but he has a collection of stamps, twice as much as I do."

Murder Attempt Draws 10 Years

VICTORIA, (CP) - John Burton, 17, convicted on attempted murder Monday was sentenced to 10 years in penitentiary by Mr. Justice Macfarlane in suite court. The charge followed the shooting of Constable Stanley Corbett, 37, when he halted a stolen automobile here July 29.

Mrs. Ellen Jones, Equinault Island, convicted of manslaughter in the death of 15-year-old Paul Hagan Jones, was sentenced to a 10-year prison term. The child died in June after what was determined was a fall against a stone. The crown charged she had been helped by Mrs. Jones, jealous of her husband's affections for the child.

Mamie Premier Praises Tax Deal

WINNIPEG, (CP) - Manitoba, as a result of its separate fiscal agreement with the federal government, will be able to increase its appreciation for social services, education, roads and other needs, Premier Garfield Barrow said Monday. The charge followed the signing of the Constable Stanley Corbett, 37, when he halted a stolen automobile here July 29.

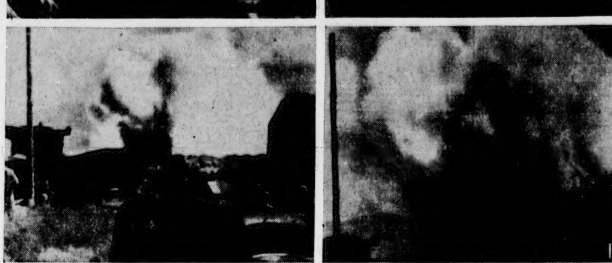

Mrs. Ellen Jones, Equinault Island, convicted of manslaughter in the death of 15-year-old Paul Hagan Jones, was sentenced to a 10-year prison term. Greece 'Expects' British, U.S. Aid

By Frank Swanson

LONDON - The Royalist government in Greece - beset by growing troubles both inside and outside the country - was looking to Britain and the United States for help in its struggle against powerful insurgent elements of the left.

Greek War Minister Disagoras was reported to have said that American leaders in Paris, who told him: "America's borders are at the borders of Greece" and to have announced the Greek royalist army is to be reinforced with arms and equipment "by the Allies."

Boy of 14 Slays Parents and Sister

ROCKVILLE, Md., (AP) - A murder charge has been filed against a 14-year-old boy who shot and killed his parents and sister.

The boy, 14, was charged with the murder of his father, 40, his mother, 38, and his sister, 12, who were found dead in their home.

The boy, who was found in his home, was charged with the murder of his father, 40, his mother, 38, and his sister, 12, who were found dead in their home.

Monte Carlo Break

Yugoslavs are conducting a violent press campaign against the Greek government, and according to what seem reliable reports are reinforcing their frontier posts along the whole Greek border. And there is officially no talk in Belgrade of any change of complete rupture of diplomatic relations with Greece.

The Yugoslav government openly believes Greek guerrillas represent the general deterioration in relations between the two countries. This is the situation which Britain and the United States would be likely to support in the event of lending further moral support to the Greek government.

Annove Increase Packing Plant Pay

WINNIPEG, (CP) - A 10-cent-an-hour wage increase for employees of three major packinghouse companies has been agreed to by the regional war labor board, W. Elliott Wilson, chairman and chief executive officer of the board, said Monday. The approval was given on the condition that it would not carry with it the right to automatic increases.

The increase was agreed on at a conference held in September between representatives of the three major packinghouse companies and the United Brotherhood of Carpenters and Joiners of America (CJ).

Raps U. K. Policy Palestine Problem

MONTREAL, (CP) - James J. MacDonald, United States member of the Anglo-American committee of inquiry on Palestine, said in an address to the British House of Commons that the policy of "bribe and blackmail" had been adopted by the British government.

MacDonald said the British government had been slow to implement the suggestions contained in the report of the Palestine Commission.

Will Use Casin For Paint Brushes

WASHINGTON, (AP) - The agriculture department announced Monday that it recently developed a process of making brushes for paint brushes from casin oil.

The process would be applied commercially.

The department said the new process is particularly suited for use in paint brushes since it is resistant to oils and organic solvents.

Sees Press Probe As 'Political Ramp'

MONTREAL, (CP) - The proposed government press inquiry in Great Britain is a "political ramp," Lord Cromwell, prominent and editor-in-chief of the London Daily Telegraph, said Monday.

There is nothing about the ownership of a single newspaper in Great Britain, said Lord Cromwell, who will sail later in the week for Montreal.

Irish Demonstrate Against 'Red' Dean

DUBLIN, (AP) - Several persons suffered minor injuries in Monday during a demonstration against a lecture on "What I Saw in Russia" by Very Rev. Hector Johnson, the "Red" dean of Canterbury.

Fifty policemen were summoned to quell the disturbance. The Irish police restored order, was sponsored by the Irish Soviet Friendship society.

Says Britain Losing Its Coal Miners

WINNIPEG, (CP) - Britain is losing its coal miners at the rate of 25,000 a year, William Beckett, president of the Alberta Coal Workers' union, said today.

He said the British coal industry is losing its coal miners at the rate of 25,000 a year, William Beckett, president of the Alberta Coal Workers' union, said today.

Fewer Work Days Lost in Strikes

OTTAWA, (CP) - Time lost from strikes was cut by 200,000 man-hours during October but 10 million man-hours still at a record of 4,462,730 man-hours, it was reported by Arthur MacNair, deputy minister of labour.

The October drop in time lost was the fourth consecutive month in which strike activity diminished.

Coal Output Up 26% in Alberta

OTTAWA, (CP) - Coal production increased in September to 1,428,929 tons, 26 percent more than 1,134,919 tons in the same month of 1947.

Coal output in September was higher in all producing areas except British Columbia.

Defends Request Rail Rates Boost

SAINT JOHN, N.B. - The position of Canadian railways at present justifies a general increase in freight rates, said a spokesman for the C.N.R. today.

The spokesman said the C.N.R. is not at a compulsory financial loss.

Following Convention of League

Caucus of Govt. Members Scheduled to Open Friday

Following the three-day convention of the Alberta Social Credit League which opened Tuesday with sessions of the league's women's auxiliaries, a government caucus will commence at 10 a.m. Friday.

AN IMPORTANT ITEM ON THE CAUCUS AGENDA will be the setting of a tentative date for the opening of the legislature, which usually occurs some time in the latter part of February.

Premier Ernest Manning will probably deal with the province's reason for declining acceptance of the tax-transfer agreement proposed by the federal government, and may outline the cabinet's plans to press for a more advantageous arrangement.

SOCIAL CREDIT MEMBERS of the legislature Wednesday began serving for the convention and caucus. Among those noted in Edmonton today were Hon. Peter Dawson, speaker of the assembly, and Deputy-Speaker James Harvie of McLeod, L. C. Halmat, Warner, and G. E. Bell, member for Grier.

Mr. Hartley will preside at the Friday caucus.

Noted Moslem Author Here

Says Loyalty of India Depends on Treatment

India's role as a loyal member of the British Commonwealth of Nations, now that she has attained Dominion status, compared to Canada, will depend largely on the wiping out of discriminatory laws against Indians in other parts of the Commonwealth, said P. Kodanda Rao, secretary of the Servants of India Society, and noted Moslem author and scholar, in Edmonton during the course of a lecture tour of Canada.

INTERVIEWED at the Macdonald hotel Tuesday, Mr. Rao smilingly and shrewdly drew attention of reporters to Canadian regulations that deny citizenship to Indians and pointed to the current stirring of India's diplomatic struggle with the Union of South Africa.

The slir of the dispute between India and South Africa over the High Commission in London was termed regrettable by Mr. Rao, who compared it to a family row that should be settled in our own parlor.

Prime Minister Smuts of South Africa must take much of the blame for the situation, however, Mr. Rao believes, as the status of 100,000 Indians in South Africa is untenable.

CANADA, TOO, must do some soul searching in the opinion of the Indian visitor. He recalled that in 1921 this Dominion promised that it would not discriminate against Indians here. But Indians are still denied citizenship rights although there are only about 1,000 residents, mostly in B.C.

On the other hand the United States has given Indians the right to apply for citizenship and permits entry of 100 each year into the country.

Mr. Rao said that it does not escape the people of India that a nation not a member of the family of Commonwealth.

AT NOON MEETING the visitor addressed the Canadian Club on "Culture conflicts, Cause and Cure."

At the evening he was scheduled to address the Edmonton branch of the Canadian Institute of International Affairs.

Mr. Rao said that building plans for a new hotel on the west side of 100 street south of 160 avenue, it was announced Tuesday by Alfred Farnell, a member of the board.

THE PROPERTY WAS PURCHASED TUESDAY from the city for \$7,500, and it is understood that some similar to that used in the new telephone building will be utilized in the proposed building.

The structure will house the offices and records rooms of the board. At present the board occupies a portion of the provincial building in downtown Edmonton.

Mr. Farnell stated that building plans for the city land department, one of them being the site of property to the Quaker Oats Company of Canada, Peterborough, Ont., on the south side of 103 avenue at 117 street, on which it is proposed to erect an elevator, food mixing plant and warehouse. The purchase price of this property was \$47,500.

LUTFA A. SIDI, 11528 85 STREET, purchased the northwest corner at 80 street and 118 avenue for \$14,000. He intends to erect a \$6,000 apartment block on this property.

Purchases by prospective home-builders accounted for the majority of the sales.

By \$1,000 and \$100 Yearly

Move To Increase Salaries Of Mayor and Aldermen

Stipends paid to the mayor and aldermen will be increased by \$1,000 annually in the case of the former, and \$100 annually in the case of the latter, if notices of motion given at Monday night's city council meeting are adopted when the council meets before the end of the next regular meeting.

ALD SIDNEY PARSONS GAVE NOTICE of motion that the stipend paid to aldermen be increased from the present \$500 annually to \$600. If council agreed to the increase a charter amendment will be necessary to vary the change, as the present salary of \$500 is specifically designated in the city charter.

The principle of payment of aldermen was first adopted in 1934. Ald J. M. Douglas gave notice of motion that the mayor's salary be brought to the same level as that paid the city commissioners.

THE MAYOR'S SALARY AT PRESENT is \$6,000, and if the motion of Alderman Douglas is accepted the city council will be increased to \$7,000, the same as is paid to Commissioner John Hodgson.

High Interest Is Noted In Farm Conventions

High interest is being exhibited in this year's western Canada farm organization conventions and especially in Alberta where the question of amalgamation of three of its major farm bodies will be among the important matters to be discussed.

Both Mr. Hannam and Mr. Plummer are among those delegates to the International Conference of Agricultural Producers, held in London, Eng., early in the summer. Delegates to the convention, which is being held in the Palliser hotel, Calgary, will include representatives from the Alberta Farmers' Union and the United Farmers of Alberta, the two organizations which are working for the amalgamation of the three farm bodies.

PREMIER ERNEST MANNING is scheduled to address the convention on the afternoon of Thursday, Dec. 12.

On the morning of the same day the board of directors of the Alberta Farm Producers' Association will meet. Among subjects to be discussed by the board will be the question of amalgamation of the three farm bodies.

THE MAYOR AT PRESENT is \$6,000, and if the motion of Alderman Douglas is accepted the city council will be increased to \$7,000, the same as is paid to Commissioner John Hodgson.

CONVENTION OPENS: Delegates to the annual annual provincial convention of the Social Credit Women's Auxiliaries of the Social Credit League met in the Masonic Temple Tuesday. In the top picture, delegates are registering. Left to right they are Mrs. Lena Trahshay, Andrew; Mrs. G. Whittingham, 3535 55 street; Mrs. F. Ward, 10869 74 street; Mrs. R.E. Carver, 10724 105 street; and Mrs. C.W. Lee, 11024 88 avenue, chair-

man of registration. In the middle picture are shown James Gordon, Strone, president of the Social Credit Women's Auxiliaries, R.D. Jorgenson, M.L.A., president of the Alberta Social Credit League and Mrs. Floyd M. Baker, Edmonton, president of the provincial Social Credit Women's Auxiliaries. The bottom picture shows Mrs. G. Whittingham, Edmonton and Mrs. Nidia Myers, 6526 81 street, Edmonton, president of the Edmonton council of auxiliaries. See story page 12.

Visitor Finds Cash Taken from Wallet

Probably the wrong type of person found a wallet belonging to Edna Elverson of Dayland. Recently an Edmonton youth found a woman's purse containing more than \$200, and he returned it to her intact.

Elverson was not so fortunate. He lost his purse in a city cafe and when it was picked up and returned it was found that some one else had been there first and \$189 in cash was missing. Two cheques were still in the wallet, one for \$200, the other for \$250.

Business Visitor

J. Holmes Turner, Saskatoon, managing director of the Mid-West Dental Supply Company, is a business visitor in Edmonton. His company, with branches in Regina, Edmonton and headquarters in Saskatoon, has recently opened a new branch in Winnipeg. Mr. Turner said Wednesday. He is a guest at the Macdonald hotel.

Misery and Suffering In Europe Described

Stirring pictures of misery and suffering in central Europe, were painted by Dr. Lotta Hiltzmanova, executive director of the Unitarian Service Committee of Canada, when she addressed Kiwanians members at their luncheon meeting in the Macdonald hotel Monday.

Recently returned from a visit to Czechoslovakia, France and Belgium, Dr. Hiltzmanova said that she found it hard to believe, after seeing the luxuries enjoyed in this country, that Europe and America could possibly be in one world.

Speaking of her native Czechoslovakia, she said that even now, two years after the liberation, the diet of the people consisted of 70 per cent starch—not bread, but potatoes. There are thousands of children, she said, who have never in their lives seen an orange or a piece of chocolate.

More than 70 per cent of the people were afflicted with active tuberculosis and it was prevalent among one out of every four children.

MILLIONS of people are shivering during these winter months, their resistance burned out with lack of food, no clothing and actual shortages. Thousands haven't a chance of surviving the cold months. All available coal in the country must be used in hospitals, schools and by the industries.

She spoke with sadness of the once magnificent University of Prague. In 1939, the Nazis looted the university libraries, took the delicate chemical instruments and blew up the buildings. Today, the university carries on in a circus outside of the city, where a professor lectures over a loudspeaker and 300 students share one book.

IN THE schools, the same conditions exist, all text books have been burned, there are no pencils

Army, Navy Vets Will Nominate

Nominations of officers for the 1946-47 term were declared open at the regular monthly meeting of the Army, Navy and Air Force Veterans Association held Sunday in the classrooms in the Churchville Building. The nominations will remain open until the election which is to take place at the December meeting.

Discussion Sunday mainly centered around the Army canteen fund. It was brought out that the RCAF and Navy were using their canteen funds in advantage while the Army was talking of using the money this way during the war years in setting up recreational facilities for the militia. Club members showed interest of seeing the fund serviced. A resolution was passed stating that the provincial executive members discuss the matter at a provincial meeting of the association to be held next Sunday in Calgary.

Fifty-eight new applications have been received for membership and nine new members were initiated Sunday which bring the total membership up to 1,245. President of the Edmonton branch, Harry D. Lynn, was in the chair.

who died in city hospital Thursday as a result of a traffic accident last Nov. 12 when he walked into the side of a truck, opened on Monday with official identification of the body. The inquest will continue in city police court on Thursday at 2:30 p.m.

Official identification of 75-year-old Ralph Atkinson, resident of the Salvation Army Hotel, killed last Thursday night beneath the wheels of the bus was carried out Tuesday morning with the inquest to continue at a later date.

Accused Gets 10-Year Term

Alfred Schurko, Edmonton, found guilty in supreme court Monday by Chief Justice R. H. Brown on a charge of breaking and entering the D. M. Torrie drug store at Westlock, was sentenced to serve 10 years in Prince Albert penitentiary.

He also received a sentence of two years on a charge of unlawfully escaping from custody. Schurko escaped from the police station with William Dillworth recently, and was arrested later at Moose Jaw. Dillworth who appeared in the dock with Schurko on this charge also was given a two-year sentence imposed on him for theft of an automobile the property of Bert Pluin, and a two-year term given him on a charge of stealing a power saw and portable radio, also Mr. Pluin's property.

Several further charges are pending against Dillworth, and will be disposed of during the present assize sitting.

Schurko's two-year term will run concurrently with the 10-year sentence, as will a three-year sentence imposed on him for theft of an automobile the property of Bert Pluin, and a two-year term given him on a charge of stealing a power saw and portable radio, also Mr. Pluin's property.

Several further charges are pending against Dillworth, and will be disposed of during the present assize sitting.

For 20,000,000 Kilowatt Hours \$20,000 Profit for City Under Power Agreement

A profit of \$20,000 will accrue to the city through the sale of 20,000,000 kilowatt hours of electrical energy to the Calgary Power Co., city council was informed by city commissioners Monday night.

THE STATEMENT was made as a statement of the agreement under which the city would sell and contract the company for five mills a kilowatt hour. The power will be purchased between October 1947 and May 1947, and will be taken at off-peak periods from the city's plant.

Commissioner D. B. Menzies stated that it was expected there would be a profit from the agreement of \$20,000 if the company took the entire 20,000,000 kilowatt hours, and of \$25,000 if an additional five million kilowatt hours was purchased.

THE COMMISSIONERS informed council that as part of the agreement the company would relinquish its right to obtain 3,227,000 kilowatt hours under the 1941 agreement, and also agreed to 10,000,000 kilowatt hours being the amount of energy owing to the city under the 1941 interchange agreement.

A new agreement covering the repayment of this energy is being drafted to go into effect on May 1, 1947, commissioners were told.

COUNCIL RECEIVED as information the report of the commission board on the sale agreement completed with the company.

Rail Worker To be Feted

Honoring T. W. White, district engineer for the Canadian National Railway, whose retirement from the railway becomes effective Friday, a farewell banquet will be held in the Macdonald hotel Thursday evening. Among those planning to attend are W. R. Doven, I. Winnipeg, vice-president; C. Chalmers, Winnipeg, chief engineer; F. H. Keefe, general superintendent, Alberta district and other CNR officials.

BORN in Clinton, Ontario in 1881, Mr. White has been employed in the engineering department of the CNR since 1901. He began his service in Winnipeg, and has held his present post in Edmonton since 1918.

Mr. White plans to remain in the city after his retirement. He will be succeeded in his post by H. L. Robbin, former divisional engineer with the CNR in Regina.

He will be succeeded in his post by H. L. Robbin, former divisional engineer with the CNR in Regina.

"LIFE'S BIGGEST MOMENTS"

So you're going to be Independent

When a girl looks faces squarely in the eye—and decides to sit no longer idly waiting for Prince Charming and his rescuing charger—there's a real reason for her in Canadian business. Matter of fact, many an ambitious young woman executive has shown her trim heels to more makes as she passes them on the way up.

If you've reached such a decision, it's a good time to call in the North American Life representative. He has helped scores of successful career girls to make practical business plans for bright futures. He will show you a low-cost, progressive plan of insurance-savings that takes the "10" out of independence. And should your "solo" plans be interrupted by a sudden attack of marriage—your North American Life investment will come in very, very handy.

Call your North American Life representative now and declare your independence.

City Resident Dies at 76 Years

Well known Edmonton resident, Mrs. Gertrude Sarah Loftus died in a city hospital Sunday after a lengthy illness. She was 76 years old.

A resident of Edmonton since 1912, Mrs. Loftus made her home with her daughter and son-in-law, Mr. and Mrs. C.H. Grant, 10596 125 street. She was born in Scotland and came to Canada at an early age.

She is survived by three sons, Paul and Oliver of Toronto, the Rev. A.M. Loftus, Balmberg, Carolina; one daughter, Mrs. C. H. Grant, Edmonton; and five grandchildren.

A funeral service was held at the Howard and McBride chapel to take place on Dec. 12 at 10 o'clock. The officiating minister was J.D. Carlson, officiating. Burial took place in Edmonton cemetery.

Flight T.B. with Christmas Seals.

Asthma Mucus Loosened First Day

When You're Worn Out and Worried

and drag down each day, unable to do the work—tossing with the children—feeling miserable, dreading the day when you may be laid off or worse—when doctors fail to give you relief with medicines and treatments, try Dr. Williams' Pink Pills. To help you get your life back, Dr. Williams' Pink Pills—only one for yourself and the whole family—will be sent you free by clear-headed and easy-going, and you'll see Dr. Williams' Pink Pills.

HOME AIDS

Are you interested in becoming a business home helper? Experienced women who understand housework can obtain training and dependable work on a regular hourly schedule.

DO YOU WANT SOMEONE TO MIND YOUR CHILDREN?
OR DO YOU WANT TO MIND CHILDREN YOURSELF?
The answer to both these questions can be found through NATIONAL EMPLOYMENT SERVICE.

Make full use of the Local Office of National Employment Service. It is there to serve your needs, and those of your community.

**PARIS STAGES AIR EXHIBITION
FEATURING NEWEST FRENCH AIRCRAFT**

**BLOOD PLASMA, SOLD AS 'SURPLUS',
FOUND ON CHINA'S BLACK MARKET**

Copyright, 1946, by Acme Newspictures, Inc.

RAY MILLAND HONORED BY FRENCH—Screen star Ray Milland and his wife look at the diploma he received from French Chief of State Georges Bidault. Diploma was presented to Milland at the Cannes Congress, honoring him as best American actor.

HER FLAG AGAIN—Roseline Di Nola, stowaway from Italy who won a race to return to the U. S. before her 25th birthday, clutches Old Glory in New York as she became an American citizen for the second time under the Nationality Act. Miss Di Nola was an American by birth.

ON CONCERT TOUR—En route to the U. S., for a series of concerts to aid Chinese war orphans, the Vlasov-Wei trio, child pianists of Shanghai, pose with their mother, right, and friends as they arrived in Pearl Harbor.

UN DELEGATES IN PHILADELPHIA—United Nations delegates are pictured on their arrival by train to inspect sites offered by Philadelphia. In between sessions the delegates have visited many historic landmarks in the U. S.

QUIZZICAL QUAIL—When John F. Jolly goes target practicing, Tiny, his pet quail, is also there. Tiny's favorite trick is to peek inquisitively down the gun barrel. His best pal and flea-hunting ground is Patsy, Jolly's shepherd pup. Here Tiny perches on gun barrel.

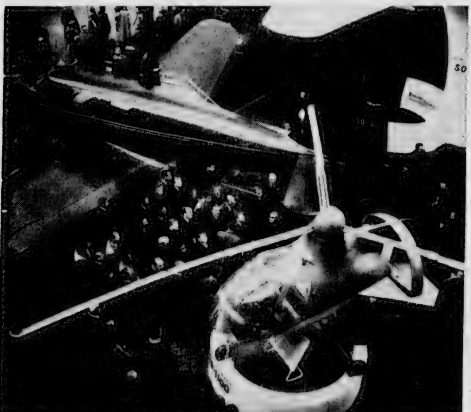

HITCHHIKERS BEAT TRAIN SCHEDULE—Fidel Gonzales, Jr., left, of Los Angeles, and Walter Scheffer, of Hollywood, massage their feet after thumping their way from California to St. Louis in 39 hours, which is better than train time. They made trip to attend third annual convention of AMVETS.

NO JAIL ROOM—In apparently happy mood, these picketers of a Hollywood studio wait outside of local jail to be booked after being arrested. There was not enough space to hold all of the 610 pickets. The men were charged with violating court injunction.

CURIOUS—These women and children Londoners got down on their hands and knees to peer under the gate at police court for a glimpse of eight-year-old Jean Fitchner as she arrived for hearing in a cruelty case. The child's mother and father were charged with neglect.

HIT OF PARIS AIR SHOW—One of the "hits" of the Paris Aviation Show is this French built anti-gyro. Here crowds of spectators are shown examining the modernistic aircraft. The show was the largest of its kind ever to be featured in Paris.

YULETIDE MESSAGE—Barbara Anne Franck, of Philadelphia, poses a note to enclose with a gift for a needy child overseas, as part of World Christmas Festival. The program is designed to spread Yuletide cheer among unfortunate children abroad.

BLACK MARKET BLOOD PLASMA—A Chinese newspaperman examines a box of American blood plasma which sells on the black market in Shanghai at \$25 a pint. It was erroneously classified as "surplus" and sold by U. S. to Shanghai merchants at 50 cents a pint.

CIVILIAN WALKIE-TALKIE—Phyllis Clark, West Hartford, Conn., displays the first civilian walkie-talkie at the first annual National Crafts and Science Show in New York.

I BET YOU CAN HARDLY WAIT FOR WORD FROM THE PUBLISHER ABOUT THE FIRST COPY OF HIS NEW BOOK.

WE'RE SO TROTTLED TOGETHER.

WE BOUGHT A SCRAPBOOK TO PASTE ALL THE PRESS NOTICES IN. IT'S REALLY EXCITING TO BE MARVED TO AN AUTHOR.

GASPER, SOPHIE IS WALKING ON AIR SHE GOT A BIG SCRAP BOOK TO KEEP PRESS NOTICES IN. SHE SAYS IT WILL BE A BIG THRILL TO SEE THE PRESS NAME HOOPER' NAME IN PRINT.

HAI HAI! IF SOPHIE WANTS TO SEE COL. HOOPER'S NAME IN SHELL HAVE TO LOOK IN THE TELEPHONE BOOK!
